M3 SERIES

M2 offers the state of the art Radio Frequency (RFID) Bluetooth technology and stable mechanical design to ensure guest satisfaction.
M1 has wisely developed installation system to make the lock exactly fit to the door. After the first correct installation F1 will never move on the door. The technical service maintanance will follow this installation to prevent wrong installations.

Anti-Cloning technology, Europe and US std mortise options.

Hidden mechanical ovveride key option in case of emergency.

ELEKTRONİK KİLİT Özellikler

TT
